| * Transom U Bolts     | * Drain Trunk        |
| * Bow Eye S/S         | * Foot Pump          |

The XS 450 is an ideal entry level family sports boat as well as an industry standard Club Rescue and teaching craft. The XS 450 shares many of the same characteristics as the larger craft, high sheer bow, deep V hull, generous tube size, superb stability at rest and a very dry ride. There are a wide range of options for this craft and the boat above shows many of them. As with all XS craft every boat is built from scratch to your precise requirements.

Ideally suited where smaller motors are required 25 - 30 - 40 hp being normal installations. The smaller 43 cm tubes also make the craft ideally suited to "recovery" usage.

All XS craft are made in the UK, we start with a barrel of resin and a roll of fabric and make the whole boat IN HOUSE at our factory in Yorkshire. All metal work, fuel tanks, steering and fittings are sourced in the UK and are supplied to the relevant ISO standard for the item. All consoles and seating are BONDED to the deck, NOT screwed down. We pride ourselves in the quality we deliver. This is why these craft do the job and last, durability is BUILT IN.

**XS – Ribs:** 14 West Burrowfield, Welwyn Garden City, Herts, AL7 4TW
