The XS 600 is a truly a versatile craft, from a fully blown Cat 3 coded fisheries protection vessel to a fun family day boat this craft can take any thing that comes its way. With lots of deck space for upto 8 people seated or an 8 + diver payload, when laid out as a dive boat, this craft can be tailored to suit what ever is needed of it. The double console allows for tank capacity of upto 300 L and with the 6 m hull length this is the starting point for extending cruising.

XS-Ribs: XS 600

All XS craft are made in the UK, we start with a barrel of resin and a roll of fabric and make the whole boat IN HOUSE at our factory in Yorkshire. All metal work, fuel tanks, steering and fittings are sourced in the UK and are supplied to the relevant ISO standard for the item. All consoles and seating are BONDED to the deck, NOT screwed down. We pride ourselves in the quality we deliver. This is why these craft do the job and last, durability is BUILT IN.
